Bilbao, 21 March 2024

Hello my friends in the Sport,

The EFRA 1/8 Buggy Section has made its decision over the tire selected for the Masters40+ EFRA European Championship 2024 to be held in Welden, Germany next August from the 30th to 1st September.

EFRA thanks the 2 interested companies, PROCIRCUIT & MATRIX, involved in the selection process and the interest showed at initial steps by other 5-6 companies.

The decision has not been easy as the performance of the 2 different tires from both companies has been outstanding, but finally both EFRA and the Organizing Club has come to an unanimous decision based on different respective reasons.

The tire selected is the NEBULA Tire in S compound and white rim from MATRIX company to be purchased track side. All from same model and compound, all from same batch of production with same inserts and same rims, obviously pre-glued.

The price of each set will be 33 Euros. Cash, Paypal or Credit Card accepted.

Minimum purchase of racing tires is 3 marked sets, ordinary order maximum is 4 marked sets + 1 set non marked for friday morning practice. All on same price.

After each first subfinal of every racer the ones bumping up to the next level have the right to purchase an extra set for each new race. Obviously drivers of Exhibition finals will have the same right.

All racing tires will be marked.

Spare replacement of damaged tyres will be controlled by officials.

More precise information will follow later on the year.

Again, many thanks to both companies Matrix & Procircuit

Kindly,

Carlos Gomez
